PLUM FUNDING FOR PLUIM PARK WITH \$400k COMMITMENT

A re-elected Morrison Government will provide \$400,000 to Pluim Park to secure the park's future, by funding a synthetic field that will be durable in all seasons and all weather.

Liberal Candidate for Dobell, Jilly Pilon, said this funding will benefit the community significantly.

“We’ve advocated for this commitment now for some time, and I am proud that Prime Minister Morrison has once again delivered a win for the Coast”

Lucy Wicks MP said that yet again the Morrison Government was demonstrating its strong commitment to the future of our Central Coast community.

“I really am delighted with this announcement – the funding for this project is only possible because of the Morrison Government’s plan for a stronger economy,” Mrs Wicks said.

Liberal Senator for New South Wales Arthur Sinodinos said this year’s Federal Budget delivers for Australian families and communities.

“The budget guarantees funding for the essential services that you and your family need and rely on,” Senator Sinodinos said.

“This includes record funding for schools, hospitals, medicines and roads.”
