➤ “Registration”

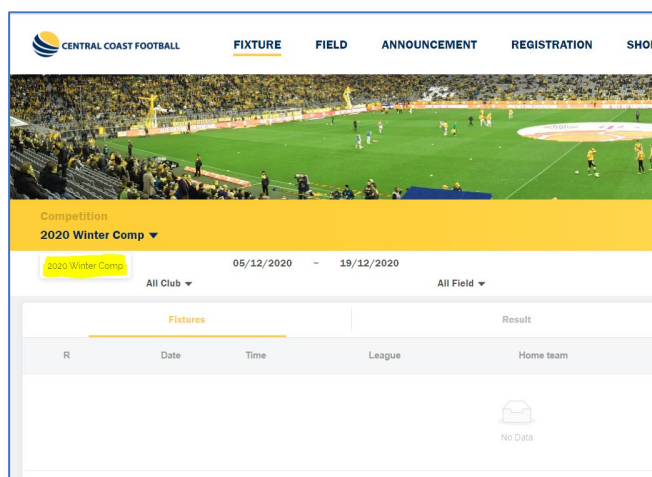

This is the page from which you can start any Registration for a competition. Refer to the “Registrations Help” documentation for more details.

➤ “Fixture”

This is the default page for the main public site and is where you can filter fixtures in a competition. Anyone can do this; they do not require an account to do. The only restriction they have by not having a sign-in, is that they cannot use the “Only my favourite teams” option (see below).

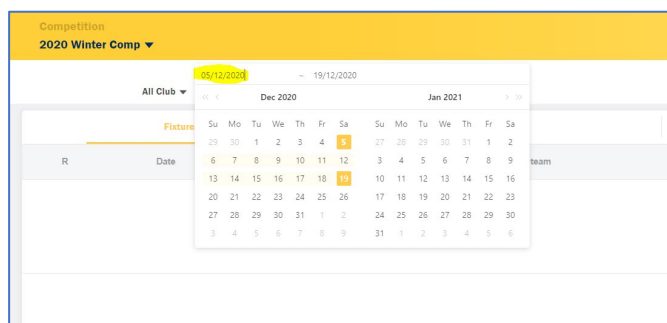

To filter fixtures:

1. Choose which Competition you want:

2. Choose the Date range you want.

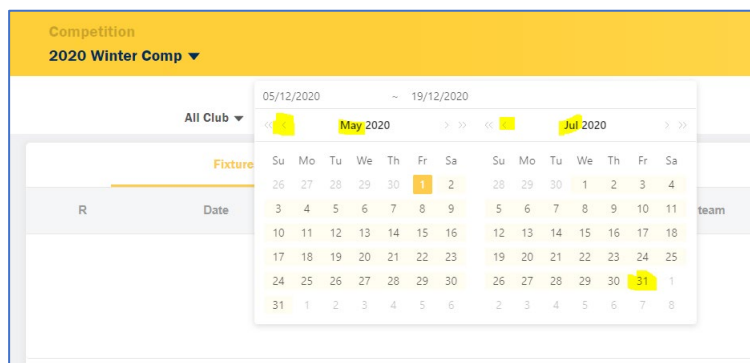

Click on the Start Date to expose the Calendar picker:

The dates that appear to choose from, are for both the Start and End dates at once. You choose your Start and End dates from this one pop up at the same time. So, you can see that the date range in this example was already set to 05-12-2020 through to 19/12/2020. When the Start date was clicked, the Calendar popped up already showing the two dates as chosen (highlighted).

So to change the range from 1st May to 31st July, you just click the single back arrow on the left Calendar back to May and choose the 1st, then click on the back arrow on the 2nd Calendar to July and choose 31st:

This will then return all Fixtures in the new date range selected:

R	Date	Time	League	Home team	Away team	Field
5	02/05/2020	13:00	UR/A	BER USA	KDS USA	Kuramba Oval 2B
5	02/05/2020	08:00	UR/A	GOS USA	YOU USA	Glenbrook Oval 2D
5	02/05/2020	08:00	UR/A	OUR USA	TER USA-1	Dumbuck Oval 1A

5	02/05/2020	08:50	UR/A	EGO USA-1	TER USA-2	Hydon Mains Oval 4

NOTE: If your Start and End dates are within the same month, just choose them both from the same month, one after the other – there's no need to go to the right hand month and go Back and choose it. The first date you click on will be the Start date, the second date you click will be the End date.

- Filter the Team's fixtures you want to see in the selected Date range, by choosing the appropriate Club, Age Group and Division:
